

Table 9.5 Cumulative Wind Energy Development within a 40km Radius

Wind Farm	Wind Farm Details		Separation distance	Wind farm status in June 2016	Wind farm status in August 2017 (Box shaded where change to 2016 EIA Report CLVIA)	Relevant to SI CLVIA?
	No. T.	BT ht. (m)				
Achairn	3	100	31.89km	Operational	Operational	No, due to distance
Baillie Hill	21	110	4.56km	Operational	Operational	Yes
Bettyhill	2	119	23.08km	Operational	Operational	No, due to distance
Buolfruich	15	75	29.04km	Operational	Operational	No, due to distance
Burn of the Whilk	9	116	34.49km	Operational	Operational	No, due to distance
Camster	25	121.2	28.06km	Operational	Operational	No, due to distance
Causeymire	21	100	18.37km	Operational	Operational	Yes
Flex Hill/Bilbster	3	93	28.93km	Operational	Operational	No, due to distance
Forss Phase 1&2	6	76/78	8.33km	Operational	Operational	Yes
Strathy North	33	110	15.24km	Operational	Operational	Yes
Stroupster	13	113/110	34.14km	Operational	Operational	No, due to distance
Wathegar	5	100	29.58km	Operational	Operational	No, due to distance
Achlachan	5	110	17.52km	Consented	Consented	Yes, as part of Causeymire cluster
Bad a Cheo/ Mybster	13	112	19.99km	Consented	Operational	Yes, as part of Causeymire cluster
Halsary	15	112	20.24km	Consented	Consented	Yes, as part of Causeymire cluster
Hill of Lybster	1	79	8.47km	Consented	Consented	Yes

Wind Farm	Wind Farm Details		Separation distance	Wind farm status in June 2016	Wind farm status in August 2017 (Box shaded where change to 2016 EIA Report CLVIA)	Relevant to SI CLVIA?
	No. T.	BT ht. (m)				
Lochend Farm	4	99.5	29.67km	Consented	Consented	No, due to distance
Rumster	3	75	28.57km	Consented	Consented	No, due to distance
Taigh na Muir	1	79.6	28.73km	Consented	Consented	No, due to distance
Wathegar 2	9	110	30.59km	Consented	Consented	No, due to distance
Weydale	1	66	15.38km	Consented	Consented	No, due to size/distance
Cogle Moss	12	99.5	28.05km	Application	Refused	No
East Kirk	1	79.6	29.95km	Application	Refused	No
Enerquip	1	80	32.18km	Application	Consented	No, due to distance
Lower Seater	3	62	25.26km	Application	Refused	No
Lower Thura	2	92.5	26.17km	Application	Refused	No
Strathy Wood	18	145	14.48km	Application	Application	Yes
Tresdale	3	99.5	37.31km	Application	Application	No, due to distance
Strathy South	39	135	17.84km	Application	Application	Yes
Ackron	9	125	5.03km	Scoping	Scoping	No, due to status, but shown in wirelines
Bettyhill Extension	7	125	22.44km	Scoping	Scoping	No, due to status and distance
Brabster	10	120	31.47km	Scoping	Scoping	No, due to status and distance
Broubster	20	127	2.17km	Scoping	Scoping	No, due to status

Wind Farm	Wind Farm Details		Separation distance	Wind farm status in June 2016	Wind farm status in August 2017 (Box shaded where change to 2016 EIA Report CLVIA)	Relevant to SI CLVIA?
	No. T.	BT ht. (m)				
Camster II	55	126.5	28.90km	Scoping	Scoping	No, due to status and distance
Drum Hollistan	21	119-130	3.40km	Scoping	Application	Yes
Durran Mains / Stemster Hill	4	92.5	19.05km	Scoping	Scoping	No, due to status and distance
Earl's Cairn	13	125	29.05km	Scoping	Scoping	No, due to status and distance
Flex Hill Extension	3		28.89km	Scoping	Scoping	No, due to status and distance
Glebeland	3	125	23.93km	Scoping	Scoping	No, due to status and distance
Golticlay	47	130	28.45km	Scoping	Application	No, due to distance
Lynton Cottage	2	77	37.36km	Scoping	Scoping	No, due to status and distance
Red Moss	7	148.5	35.01km	Scoping	Scoping	No, due to status and distance
Thusater Farm	3	120.5	11.51km	Scoping	Scoping	No, due to status
Tofts of Tain	3	84	25.41km	Scoping	Scoping	No, due to status and distance
Torranreach	4	77	36.51km	Scoping	Scoping	No, due to status and distance

9.6.15 The review of cumulative context reveals very little change in the 40km study area. However, it does indicate an important change in the status of Drum Hollistan Wind Farm, which has progressed from Scoping stage to Application stage, which means it requires to be assessed in the SI. The change in status
