## Online Consultation

Welcome to the Limekiln Wind Farm Website. If you need help simply reply to this message.  
Visitor Support just now

### Welcome

Write a reply.

### May 2021

Welcome to the Online Consultation for the Section 36 C proposal for the consented Limekiln Wind Farm. While we would normally be visiting you in person, we are following the Scottish Government's Covid-19 Guidance and carrying out our public consultation online. Below you will find the information and landscape and visual panels along with a zone of theoretical visibility (ZTV) map and a feedback form. Please note that any feedback you give us during this consultation period will be used to inform our application but it does not constitute a formal response to the application. That process will come later once the application has been submitted.

### Welcome Video

### Live Chat Sessions

We will be hosting some live chat sessions in the next few weeks which will cover the information presented here and allow virtual visitors the chance to ask questions of the project team. It will be held via our live chat function on this webpage - look out for the chat icon!

**Live Chat will take place on 18th and 19th May from 2-4pm and 6-8pm and then again on 1st and 2nd June from 2-4pm and 6-8pm.**

### Information Panels

Here you will find the information panels we would normally display at our Community Open Days. Please note Panel 3 (EIA) has been updated with revised potential turbine information in line with the consented parameters.

### Landscape and Visual Panels

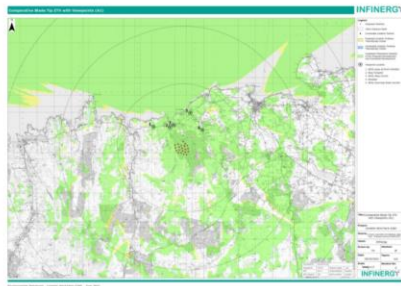

Here you will find the Landscape and Visual panels we would normally display at our Community Open Days.

*Please note, visualisations can give an impression of the appearance of a landscape and proposed wind farm however neither photographs or visualisations can convey a view exactly as it would be seen by the human eye in reality.*

## Zone of Theoretical Visibility (ZTV)

## Feedback Form

We would appreciate you taking a moment to complete the following questionnaire so we can find out more about your views on the wind farm proposal this exhibition is all about. The aim of this questionnaire is to allow individuals to contribute to the development process and interact with Infinergy. This is not a substitute for the official planning process. No personal information will be passed on to third parties.

Please [click here](#) to access the form.

## Thank you

Many thanks for taking the time to visit our online consultation. When the consultation period is over, we will transfer all of the relevant files to the Documents section of the website. If you have any further questions at any time, please don't hesitate to contact us by email at [info@limekilnwindfarm.co.uk](mailto:info@limekilnwindfarm.co.uk)

### ABOUT

We are a renewable energy company, committed to increasing the use of zero-carbon electricity. Power which is generated by wind and solar PV projects allows us to fuel our modern-day lifestyles whilst living in harmony with our natural environment, preserving it for generations to come.
